

DeForest Windsor Area Chamber of Commerce

Chamber of Commerce Mission Statement:

“To provide proactive leadership to advance a positive business environment and foster economic growth, through community identity involvement, and membership participation.”

advocate
To be the voice of the business community in matters most important to the future of the greater community by convening area business leaders to identify needs and issues

and communicating with policy and decision-making bodies that effect the community about business needs and issues.

educate
Facilitate access to resources and tools that contribute to a thriving business environment by supporting the development of a quality work force; informing the membership

and community; and enhancing collaboration and relationships among business and the community.

- Leadership Series through Madison College
- Educational speakers at monthly meetings
- Chamber newsletters and emails to keep you informed on local issues and events

PROMOTE

To promote and support business by creating a vibrant community, enhancing business visibility at Chamber events, and supporting economic development while promoting the area. Provides you with access to Chamber and community events that can lead to key partnerships and opportunities such as:
